## MULTISCALE CITIZENSHIP WORKSHOP

FOR PEDAGOGY STUDENTS AND TEACHERS

# TEACHING CIVICS, EDUCATING CITIZENS: A DOUBLY INCONSISTENT TASK?

## ON THE THEORETICAL INSIGHT AND THE PRACTICAL SCOPE OF A "MULTISCALE" CRITICAL APPROACH TO CITIZENSHIP PEDAGOGY

### RATIONALE:

The "multiscale" critical approach identifies and tackle, both theoretically and practically, some key paradoxical features of today school systems and practices that hinder an effective and consistent democratic citizenship education. We will discuss them in a dialogical lecture that will draw on participants' views and experiences.

### GOALS:

- Presenting the "multiscale" approach to civic key competences
- Motivating toward civic education across all disciplines and school curricula
- Providing access to original didactic materials and teaching methods
